

A black and white illustration of a night sky. The background is white, and the sky is filled with various celestial elements. There are several stars of different sizes and styles, some with simple outlines and others with more detailed, multi-pointed shapes. A prominent crescent moon is located in the upper right quadrant. The text "LŮBIVÝ SI MI." is centered in the middle of the image in a bold, black, serif font. The overall composition is minimalist and evocative of a starry night.

LŮBIVÝ SI MI.
